

Technical Data Sheet

PH1001

Description

- Polyphenylene-Sulfide (PPS) based dielectric absorber that provides a balance of mechanical and electrical properties.
- Ideal for applications in the 10+ GHz range
- Custom parts can be injection molded in a variety of shapes and sizes.
- Pellet form also available.
- This product is Halogen free, RoHS and REACH compliant.

Note: the information provided above is accurate at time of publication. It is the responsibility of the end-user to confirm compliance to their application.
